CHECINY
Municipal Postal Services
During Austrian Occupation

by M. E. Steczynski
(Reprinted by permission of the
S. P. A. JOURNAL)

Checiny (Hen chee' ni) in the Province of Kielce, printed two series of four stamps each in 1919. These were entirely uncalled for, as the Austrian army of occupation was no longer in control and the first definite issue of Poland was available at the Checiny post office which was already established in the town. Use of these municipal stamps was therefore forbidden by the Polish government.

All eight stamps are horizontal (31½ x 20¾ mm.) of one design only. They feature a view of the ruins of the castle at Checiny with the inscription POCZTA MIEJSKA (Municipal Post) above and M. Checiny (City of Checiny) below. 1919 appears in the two upper corners, the denomination in the two lower corners with HAL. in the bottom panel.

The first series was:

- 3 hal. scarlet on straw,
- 5 hal. rose on pale pink,
- 10 hal. blue on pale blue,
- 12 hal. indigo on pink

The second series was:

- 2 hal. tan on straw,
- 4 hal. green on pale green,
- 5 hal. black on buff,
- 8 hal. brown on pale blue

The stamps are poorly lithographed with the design proper in one color and a tintblock in another, and are usually without gum. Copies with perf. 10 are most common and some are cancelled to order with dates from May to Aug. 1919. They have not been cancelled on covers. Imperf. copies and perf. 11½ are less frequent in all values than those perf. 10.

A feature of the stamps is the wide variation of color both in the design proper and in the tintblock. The colors may even vary between adjoining stamps of a sheet.

NEW ISSUES

Additional information regarding the Julian Marchlewski stamp. We have been informed that he was one of the Leaders of the Workers Movement in Poland, U. S. S. R. and Germany.

The design is taken from a photograph and rotogravured in the National Printing Office in Krakow, in sheets of 100. Two plates were used, OK.W.1 and OK.W.2. The numbers are printed under the 91st and 100th stamp.

Total issued, 4 millions. Perf. 10¾ and 11¼. First date of issue, March 23, the day his ashes were brought home.

A correction of new issues reported in the JUNE 1950 issue of the BULLETIN. The set of two stamps reported as issued for the "Rebuilding of Warsaw" should have been reported as being issued for the 60th anniversary of the Workers First of May celebrations.

The 10 zloty value was designed by Mr. E. John, the 15 zloty value was designed by Mr. M. Bylina. Printed in rotogravure in PWPW, Krakow. Total issued, 4 million of the 10 zloty and 8 million of the 15 zloty. Date of issue, April 26, 1950.

On April 29, a single stamp was issued on the occasion of the 23rd Annual International Poznan Fair. This year is the first of the Six-years plan.

The design of the 15 zloty value is taken from a sculpture of K. Bienkowski. Printed in rotogravure in the National Printing Office ("Czytelnik") in Krakow. Total issued, 8 millions.

The 5 zloty "Rebuilding of Warsaw" issue was designed by Mr. M. Bylina, printed in rotogravure in PWPW 111 ("Akropol") in Krakow.

By official notice of the Minister of Posts and Telegraphs #PZ 221, dated May 26, 1950, an announcement was made of a set of two stamps issued to commemorate the International Action of Peace.

Amount issued of the 10 zloty, olive-green, is 12,000,000 and 28,000,000 of the 15 zloty—light-brown.

The designs represent the "Dove of Peace" on the world globe, surrounded with a white ribbon upon which is the inscription "We are fighting for a lasting peace."

Postal cards were also printed with the 10 zloty value. Each card bore the legend "Sign the peace appeal. We demand absolute forbiddance of Atomic

weapons. The government who will use it first will be condemned by humanity as a War Criminal."

A 50 zloty postage due of the new design (reported in May 1950) also was released. Amount issued is 1,056,000.

Issued also was a 1 zloty stamp, perforated 11¼ of the old design D 12, roto-gravured in sheets of 100.

The 3rd edition of the D12, 2 zloty and 3 zloty postage dues printed in sheets of 50.

The 15 zloty, President Bierut stamp reported in the May 1950 issue has been re-engraved by S. Lukaszewski he has omitted the 3 line border which seems to make the design more attractive.

Issued so far have been the 20 zloty, 40 zloty and 50 zloty values. The total issued may be limited since they are to last only until the "Six Years Plan" set will be placed in circulation.

Just received is the first of the "Six Years Plan" set. It is a blue, 15 zloty stamp, upon which appears a design of two construction workers. Across the top reads NAPRZOD, DO WALKI O PLAN 6 LETNI. (Forward with our 6 year plan.)

Designed by W. Zakrzewski, engraved by M. R. Polak and printed in PW-PW.
