POLONUS HONORS PROF. ANTONI ŁASZKIEWICZ

In recognition of his outstanding contributions to Polish Philately, the Polonus Philatelic Society unanimously elected to bestow Honorary Membership to Prof. Antoni Łaskiewicz.

Antoni Łaskiewicz Ph.D, professor of mineralogy and petrography, was born on September 28, 1904 in Caucasia. A graduate of a Veterans Lycee in Warsaw and of the University of Warsaw, he was at first an assistant and later an independent researcher at that institution. During the German Occupation Prof. Łaskiewicz was active in conducting underground teaching courses. After World War II he became a full professor at the University of Warsaw and since 1955 he holds the same position at the Institute of Geology in Warsaw. In 1935 he was elected a correspondent member of the Society of Science of Warsaw becoming an active member in 1947. Active in professional organizations he was respectively, a founding member, an officer and, recently, the president of the Polish Society of Friends of Geology.

Prof. Łaskiewicz has held an interest in philately since his early school years. A member of the Polish Society of Philatelists in Warsaw since 1926 he became its president (1928-30) and a most active officer in the succeeding years. During the years 1936-39 he had the honor of being the vice-president of the Union of Philatelic Societies in Poland, and in the years 1958-62 he was a member of the central administrative board of the Polish Union of Philatelists.

Being especially interested and collecting primarily Polish stamps, in 1933 he took over the editorship of the Polish Postage Stamps ("Polskich Znaków Pocztowych") which was published in the magazine IKAROS. Upon the conclusion of this collective effort he initiated a similar study on Polish postmarks. Several results of his work in this respect were published both in IKAROS and as separate copies, including such specific fields as, for example, his "Polish Advertising and Commemorative Postmarks" (1936). In 1937 Prof. Łaskiewicz became the chairman of the editing committee of the official publication of the Union of Philatelic Societies in Poland.

After World War II he published "Postage Stamps of the Polish People's Republic and of the Transition Period" (1st edition 1947, 2nd 1949). Since 1960 he is co-editor of the new edition of "Polish Postage Stamps." Prof. Łaskiewicz is the author of approximately sixty research, scientific and journalistic articles in philatelic publications of which seven have appeared in the "Polonus Bulletin."

Prof. Łaskiewicz has displayed fragments of his Polish collection in the following exhibitions: Pexip 1937 Paris—silver medal; Warsaw 1938—gold medal; Prague 1938—not competing; Moscow 1962—1st prize; Socphilex 1963—silver medal; Warsaw 1964—not competing; WIPA 1965—bronze medal.

He was a member of the jury of judges at: Katowice 1934, Prague 1938, Warsaw 1957, Brno 1958, Cracow 1958, Balpex I 1959, Warsaw 1960, Bratislava 1960, Warsaw 1962, Wrocław 1963, Warsaw 1964.

During the years 1935-39 and 1945-49 he was a member of the Council of the Museum of Post Office and Telecommunication. In the years 1935-39 he was the philatelic adviser of the Ministry of Post-Offices and Telegraphs.

In June of 1936 he was elected an honorary member of the Union of Philatelists in Toruń; in February of 1948 he received the same distinction from the Polish Society of Philatelists in Warsaw; in March of 1948 from the Polish Society of Philatelists in Cracow; in October of 1948 from the Wielkopolski Club of Philatelists in Poznań.

Prof. Łaskiewicz participated in the organization of the Science and Research Committee of the Polish Union of Philatelists and remains its active member. Prof. Łaskiewicz is widely recognized as an outstanding expert of the Polish Union of Philatelists.

HAVE YOU PAID YOUR 1965 DUES? A REMINDER

Because you members supported our organization with the payment of dues, the Polonus Philatelic Society is in existence today. We need this revenue to continue the publication of our Bulletin, for hall rental, supplies and the other various expenses incurred by a Society like ours.

Actually, the Bulletin alone costs us more to publish than we collect in dues. The issues you receive for one year are worth more than the \$2.50 you pay.

Many members have not as yet paid their dues for the present year of 1965. To save the Society the expense of mailing you notices, and to oblige our Treasurer, would you be so kind as to send in your \$2.50 immediately? He is not compensated for his work but too must pay his dues. This cooperation on your part will save him much time and work. Mail your \$2.50 to Joseph Z. Rycaj, 2817 W. Logan Blvd., Chicago, Illinois 60647.

POLISH POSTAL STATIONERY PART III

"Polish Postal Stationery Part III", same as the Parts I and II, were the work of Stanisław Zolkiewski and published by the Commission of Education and Expertizing of the Polish Alliance of Philatelists in Warsaw. The subject of Part III is the period 1939 - 1961.

Because of an oversight on the part your editor, Part III was not written up in the "Polonus Bulletin." This part was published after Parts I and II, that is in 1961.

This part is the most interesting for philatelists who collect stationery of Poland of the World War II period.

The period of World War II (1939-1945) is unusually interesting and extensive as can be seen by the chapters of the Part III volume:

September 1939 Campaign in Poland
Polish Army in France, Great Britain,
USSR, and in the Middle East
Internee Camps in Switzerland
Warsaw Rising 1944
P.O.W. Issues in Germany, etc.

This book is well illustrated with photographs of the original stationery.

There are two editions of Part III: one in Polish-English and the second in Polish-German — both with the same text.
