

BULLETIN OF THE POLONUS PHILATELIC SOCIETY

Meets Every 2nd & 4th Friday at St. James Clubroom, 2424 N. Mango, Chicago, Ill.

Issue No. 287

Price 25c

February, 1971

POLPEX 1971 IS HERE!

Before February draws its last wintry breath, the warmest and first national philatelic exhibition of the year in Chicagoland will take place at St. James Auditorium, Mango and Fullerton Aves. (5700 west, 2400 north) on February 27th and 28th — POLPEX 1971, the annual presentation of the Polonus Philatelic Society.

This year's show promises to be most rewarding. There will be frames of material from Dr. James Matejka's space collection, a famous zeppelin collection and other exhibits totalling 120 frames. In addition, the Polish American Numismatic Association is to show eight frames of Poland's Millennium medallions.

There is one sad note however; the postal strike in Great Britain has prevented our receiving some excellent material which was pledged for our show.

A bourse of twenty dealers from all parts of the U.S. will have an abundant and varied stock available for your viewing and purchase.

The U.S. Post Office shall have a sub-station and an ample stock of current U.S. Postage for sale at the best of all possible prices — face value. Mr. Trufant of the Chicago P.O. Dept. has assured us that the stock will be varied and will include jumbo commemoratives including the Moon Stamp! Purchase your stamps at the

sub-station — it will assure this courtesy and service for future shows.

A pair of three-colored souvenir sheets have been issued showing the design of the First Man on the Moon stamp on one sheet and a set of the two first Polish airmail stamps on the other. Both sheets have the traditional bar of music and lyrics of songs relative to the theme. A set of souvenir sheets with descriptive folder are available for 50c plus postage from J.P. Rux, 6136 Addison St., Chicago, Ill. 60634.

Two different cacheted envelopes have also been issued to be cancelled with the special Polpex cancel. The envelope with the cachet design illustrated above will be franked with the First Man on the Moon Airmail. The other envelope will be franked with

an appropriate stamp also. A set of covers may be obtained for 75c plus postage from J. P. Rux, 6136 Addison St., Chicago, Ill. 60634.

This year's program catalog will include outstanding philatelic articles on early Polish airmail service. At 10:00 p.m. Saturday, members and guests will gather for the Beeba at which the presentation of awards takes place.

The success of any event is dependent on you — the Polonus member and collector. POLPEX 1971 is for you! We will see you there.

CONGRESSMAN DULSKI ENDORSES COPERNICUS STAMP

Bob Lewandowski, a radio announcer on a Chicago station, announced on the air that Congressman Dulski of Buffalo, Chairman of the Scamp Advisory Committee, stated that he would strive for a U.S. Copernicus stamp in 1973. The final decision, however, is made by the Postmaster General.

JERZY J. BIALY WINS TEXACO S.C. LITERARY AWARD PLAQUE

Our member, Jerzy J. Bialy of La Grangeville, N.Y., was awarded the "Philatelic Footnotes" Literary Award for his article "Postal Services in Polish Settlements in Italy" by this Texaco Stamp Club publication.

GOOD LUCK!

Polonus member, Maryan A. Ciurus is running for Alderman in the 38th Ward in Chicago in the February 23rd elections.

FEB. 12th PROGRAM MEETING

Despite wintry temperatures and a falling snow, members of Polonus beat a path to the St. James Club Room on February 12th. The occasion... Canadian Member, Dr. M. A. Kamienski, was in town with another fine color slide presentation of his multi-faceted collection of Polish material.

The quality and trueness of color was superb and Dr. Kamienski's presentation was equally worthy. The material presented ranged from the middle 1850's to 1923 and we viewed some especially noteworthy covers including: stampless, provisionals, locals, Krakow, Plebiscite, and Western Ukraine.

A Beeba followed Dr. Kamienski's presentation.

Our sincerest regrets to those of you who did not attend. A first rate opportunity to see some truly beautiful material was missed.

We are looking forward to the good Doctor's next visit and next presentation.

KOLAKOWSKI HONORED

On December 11, 1970, at the United Nations Chapel, American-born Wladyslaw Kolakowski was presented with two internationally recognized awards:

The London College of Applied Science, England, awarded him an honorary degree of Doctor of Business Administration.

The Republic of Panama awarded him the Eloy Alfaro Grand Cross with Diploma.

After evaluation, by the donors of the awards, of numerous published works, using Polish history as a base, the honors bestowed on Mr. Kolakowski in recognition of his worldwide efforts to further the scientific, factual knowledge of philately.

Significantly, Mr. Kolakowski, who has been active in philately for over 25 years, is the first recipient in the philatelic field, of these high honors.

From many invited, about 100 associates and guests witnessed the official ceremony, followed by a reception in the Dag Hammarskjold Lounge.

Recipient (left) is congratulated by London and Panama Representatives
