LETTERS

whether containing Coin or not, can be

REGISTERED

on payment of a registration fee of SIXPENCE, *in addition to the ordinary rates of Postage* on Inland and Colonial as well as on Ship and most Foreign Letters. On letters to Prussia, or to foreign countries beyond Prussia, which must be *prepaid*, the registration fee is NINEPENCE, without reference to weight. On those for delivery *within France*, the charges, *besides the registration fee of sixpence*, will be *the English rate to France*, in addition to *double the French rate*. The same regulation applies to registered letters passing through France, which *must be paid* to the *furthest limit*. A printed acknowledgment torn out of the receipt book, and stamped with the office stamp, will be given to any person registering a Letter. Registered Letters to pass by the Evening Mails will be taken at the GENERAL POST OFFICE; at the several BRANCH OFFICES, in *Lombard street, Charing Cross, Old Cavendish street*, and *Stones' end, Borough*, until half-past five o'clock, and at the various Receiving Houses in London (for list of which see page 1827) until five o'clock, p.m., and by Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be despatched. The *postage* of registered letters addressed to *parts abroad* may be paid either in money or by means of postage stamps; but for places *within the United Kingdom* the *postage* must be paid by means of *stamps*, while the REGISTRATION FEE must, in *all cases*, be paid in *money*.

LETTERS REGISTERED FOR DELIVERY WITHIN THE LIMITS OF THE LONDON DISTRICT Post, must be posted half an hour before the departure of the particular Despatch by which they are intended to pass. The Receivers have instructions to retain letters put in later, until *the next despatch*. For hours of despatch see page 1824.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood, that Registration cannot extend beyond the Port of despatch in the United Kingdom, though parties, if they wish it, may register such Letters *as far as* the Port of despatch. Letters, however, addressed to France, or to Prussia, or passing through either of those kingdoms, are exceptions to this rule, the French and Prussian Post Offices undertaking *if addressed to those kingdoms*, to provide for their security until they shall have been delivered; or *if passing through*, so long as they may remain within the respective territories.

The system of Registration provides a secure mode of transmitting *Bank Notes, Bank Post Bills, Drafts, Small parcels of jewellery, &c., &c.*, and persons having occasion to send by Post such *small sums of money* as cannot conveniently be enclosed in *registered* letters will avoid risk by sending these through the medium of

THE MONEY ORDER OFFICE,

carried on, on the Public account, at the General Post Office. The commission chargeable for Money Orders is *threepence on sums not exceeding two pounds*, and on sums above two, and *not exceeding five pounds, sixpence.*

It will be in most cases a convenience to parties in London, that Money Orders in their favour should be drawn on the Money Order Offices, nearest to their residences, as Orders in *London only* are not payable at any other than the General Post Office in St. Martin's le Grand. The "*Index to the Street Directory*" in the *complete* edition of this work has a list of Streets, Squares, and Places in the Metropolis and its vicinity, and in every case the *nearest* Money Order Office is indicated. It is, therefore, only necessary to turn to that Index to ascertain on what particular Office a Money Order, in favor of any one resident in the Metropolis or its vicinity should be drawn.

Money Orders are issued and paid in *London* and *within the three mile* circle, between the hours of Ten a.m. and Four p.m., and in *other places* between the hours of Nine a.m. and Six p.m., except during the short intervals of time when the Letter Boxes are closed for the receipt of *paid* Letters.

These economical modes having been devised expressly with a view to the security of property, it may reasonably be expected that all persons having occasion to transmit money, will avail themselves of the opportunity of securing it; and in no case, *by committing property* UNREGISTERED *to the Letter boxes*, RISK ITS LOSS.

If, however, persons are willing to incur such risk, should the articles forwarded be Notes, or Cheques payable at sight, they should be cut in halves, and the second halves should not be despatched until the receipt of the first has been acknowledged. The numbers, dates, and amounts should also be carefully taken.

Money Orders may be obtained at the GENERAL POST OFFICE; at the several BRANCH OFFICES in *Lombard Street, Charing Cross, Old Cavendish street,* and *Stones-end, Borough;* and at the following RECEIVING HOUSES:—

(For List of Post Towns and Principal Places throughout England and Wales, see pages 1765 *to* 1790.*)*

Scotland, see pages 1791 *to* 1796. *Ireland, see pages* 1796 *to* 1802.

Money Orders may be drawn payable, as well as issued, at the above-mentioned offices, except the London Branch Office of Lombard Street, which *only* GRANTS Orders. *Money Orders* will not be paid after two Calender Months exclusive of the month the order was issued in, unless a fresh commission is paid, nor under any circumstances after twelve clear months.

*** In cases where personal attendance is inconvenient, if the Order is receipted by the person to whom it is made payable and the party presenting it for payment can afford full information as to the *Christian name, Surname, Address* and *Occupation* of the person WHO ORIGINALLY OBTAINED THE ORDER, payment will be made, but unless these conditions are strictly complied with, it must be refused. In obtaining Money Orders it is necessary to give the Christian and Surname of the person to whom it is intended to remit the money. This is not requisite in the cases of *Peers* and *Bishops*, in whose favor Money Orders may be obtained, drawn according to their ordinary and known title; their usual form of signature to the Money Orders being admitted as sufficient discharge for payment.

Money Orders presented through a Bank are paid without the name of the Remitter, and the signature in full of the Payee, provided that the Bank be situated in the Town on which the Money Order is drawn, that the Order be crossed with the Banker's name, and that the party applying at the Money Order Office be known as in the employment of the Bank.

PREPAID RATES OF LETTER POSTAGE.

Letters *not exceeding—half an ounce* in weight, one penny—*one ounce*, two pence—*two ounces*, four pence—*three ounces*, six pence, and so on, *two* rates being added for *every ounce*. Inland letters or packets put *unpaid* into the letter boxes are charged with double the *prepaid* rates. Letters *insufficiently* paid either in money or by stamps are charged with *double* the amount *of the difference between the money paid or the stamps affixed* and the *prepaid* rates. In no instance can the Postage be *partly* paid in Money, and *partly* in Stamps.

LIMITATION OF WEIGHT OF LETTERS.

An Inland letter to pass *unpaid* by the post may not exceed FOUR OUNCES. All above that weight must be *prepaid* either in money or by stamps. In the event of any *unpaid* letter above the weight of four ounces being posted, it will be charged with *double* the *prepaid* rates of postage; if *insufficiently paid* either in money or by affixed stamps, it will be charged with *double* the amount of *the difference between the money paid* or *the stamps affixed*, and the *prepaid* rates and THUS CHARGED "shall and may be *detained* and *opened*, and, at the *option of the Postmaster-General*, shall be either returned or given up to the *sender* thereof, or be given up to the person to whom it shall "be addressed, or be forwarded to the place of its destination."

LIMITATION OF SIZE OF LETTERS.

A letter to pass by the post, either *paid* or *unpaid*, must not exceed the dimensions of *twenty-four inches* in length, or breadth, or width or depth. Any letter above those dimensions may, if *fully paid*, be *detained* and *opened*, or forwarded at the *option of the Postmaster-General*. Any letter *unpaid* or *insufficiently paid*, will be taxed precisely after the scale of charge mentioned in the preceding paragraph as applicable to unpaid letters exceeding the weight of four ounces, and THUS CHARGED be either *detained* and *opened*, and returned to the *sender*, or forwarded at the *option of the Postmaster-General*. The only *Exceptions* to the foregoing regulations as to *size* and *weight* of letters are in the cases of, 1. Parliamentary Petitions or Addresses to Her Majesty:—2. Petitions to either House of Parliament forwarded to any Member of such House:—3. Printed Votes or Proceedings of Parliament:—4. Letters or Packets to or from Public Departments or Public Officers on Her Majesty's service:—5. Letters, &c., to or from places abroad.

POSTAGE OF UNDELIVERED UNPAID LETTERS TO BE PAID BY THE SENDERS.

All persons sending letters by the post *Unpaid*, which, from any cause whatever, cannot be delivered to the parties to whom they are addressed, are liable to pay the Postage charged thereon, which may be recovered, with costs, by summary process before a Magistrate.

PRINTED BOOKS, MAGAZINES, REVIEWS, AND PAMPHLETS

whether British, Colonial, or Foreign are transmitted by Post *within the United Kingdom* at the following rates, viz.:—For each Packet *not exceeding—one pound* in weight, sixpence—*two pounds*, one shilling—*three pounds*, eighteenpence, and so on, sixpence being added for every complete pound, or for any additional fraction of a pound. The regulations *to be particularly observed* are—1st. Every Packet must be sent without a cover, or in a cover open at the ends or sides. 2nd. It must contain a *single volume only* (whether Printed Book, Magazine, Review, or Pamphlet), the several sheets or parts thereof, when there are more than one, being sewed or bound together. 3rd. It must not exceed two feet in length. 4th. The name and address of the *sender* may be written or printed upon the Work or on the envelope or cover thereof; and any other writing may be on any leaf or on the binding, provided that all such last-mentioned writing be on one and the same page of the Work or corresponding portion of the binding. 5th. The postage must be *prepaid in full by* affixing outside the Packet, or its cover, the proper *Stamps*. If any of these conditions be violated, the Packet must be *charged as a letter*, and treated as such *in all respects*.

POSTAGE STAMPS.

Letters written on Stamped Paper or enclosed in Stamped Covers, or having Stamps (whether labels or medallion heads) affixed to them, the Stamps in every such case being equal to the rates of Postage chargeable on such Letters if pre-paid, will pass *Free* of all other Postage charge in whatever part of the UNITED KINGDOM they may be posted.

In those cases where the Value of Stamps on the Letter is less than the Amount of the Postage to which it would be now liable, if pre-paid, the letter will be charged Double the Amount of such difference on delivery. An Inland Letter, for example, weighing more than Half-an-Ounce, and not exceeding an Ounce, if bearing only a Penny Stamp, will be charged Two Pence on delivery.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament;* if the Stamps, however, should be less in value than the proper rate of Postage to which these documents are subject, only the difference, and not Double the difference, is charged.

Stamps *(provided they cover the whole postage)* may also be used on Foreign, Colonial, and Ship Letters, &c. *outwards*. If any Letter, however, addressed to Places beyond Sea, to which pre-payment is compulsory, shall bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are *not* permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries*. In such cases, therefore, Letters will be chargeable with the same rates as they would be if not bearing Stamps.

All these Regulations will be applicable to Newspapers in those cases where they are liable to Postage.

Note.—Adhesive Stamps before being used should be examined to ascertain that they will firmly adhere, as in the event of their falling off, the letters become charged with postage, which is double the prepaid rate; they should then be placed on the Front of the Letter and upon the right-hand corner on the upper side. Should this direction not be attended to, from the rapidity with which the duty must be performed, Letters which bear Stamps will frequently be taxed, while the Parties receiving them will be put to much trouble in obtaining a return of the Postage improperly charged. In all cases of complaint, whether of overcharge or of any other irregularity, the Covers of the Letters (and contents in all practicable cases) must invariably be kept and sent to the Post Office, as affording the only means of investigating the complaint.

Above Eight and under Twelve Ounces ..... Three Pence, and so on.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom as well as to the Colonies *by packet*. To those places to which there are no packets—the Cape, for instance—they may be forwarded "by Private Ships," at *double* the above rates. When sent by Private Ships the postage must be paid in advance. They are not, however, forwarded to the East Indies, *viâ* Southampton and Alexandria, nor to places through France *under the full rates of Letter Postage*. The Postmaster General is authorised (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

PERIODICALS, &c., TO THE UNITED STATES OF AMERICA.

Periodicals, and Pamphlets not Periodicals, may now be forwarded, by packet only, between this country and the United States of America, at the reduced rates of 1d. not exceeding 2 oz.; 6d. not exceeding 3 oz.; and 2d. for each ounce above. Periodicals are limited to the weight of 16 oz., but Pamphlets, not being Periodicals, must not exceed 8 oz.

PERIODICALS TO AND FROM FRANCE, HAMBURG, BELGIUM, PRUSSIA, BREMEN AND LUBECK.

Periodical works not of daily publication, and not allowed to pass as newspapers, addressed to places within the territories of France, Hamburg, Belgium, Prussia, Bremen or Lubeck, may be forwarded by direct Packet or private ship at reduced rates of postage, under the following regulations:—1stly, the postage must be paid in advance; 2ndly, they must be sent without covers, or in covers open at the sides; 3rdly, they must be printed in the English language. The rates of postage on such works will be as follow:—Not exceeding two ounces in weight, 1d.; above two ounces, and not exceeding three ounces, 6d.; above three ounces and not exceeding four ounces, 8d.; and 2d. for every additional ounce up to the weight of 16 ounces, beyond which weight these publications cannot be transmitted. Periodical works of a similar description published in France, Hamburg, Belgium, Prussia, Bremen or Lubeck, and in the language of these Cities, addressed to the United Kingdom, will be delivered for the same rates of postage as those charged on periodical works sent to these Cities.

PERIODICALS AND PARLIAMENTARY PROCEEDINGS TO PRUSSIA.

Parliamentary proceedings, magazines, and other periodicals published as pamphlets, may be sent *viâ* Holland or Hamburgh to *Prussia*, if folded in covers open at the ends, and prepaid at the rate of one penny under two ounces; above two ounces and under three ounces sixpence, and twopence an ounce above three and up to sixteen ounces in weight; or *viâ* Belgium, at 2d. per ¼ oz. in addition to the above rates.

DELIVERY OF LETTERS IN LONDON.

The morning delivery of General Post Letters (including despatches from every Post Town and place in the United Kingdom, and those Foreign, Ship, and Packet letters which have arrived in sufficient time) commences at about eight o'clock, A.M., and is completed in about one hour, except on Mondays, or on other days when there are large arrivals of Foreign or Ship Letters, when the period of commencing and concluding the delivery is unavoidably retarded for a space varying from thirty to sixty minutes. Letters by the day mails arrive at 2 P.M. They are delivered in the City of London and its immediate vicinity by the General Post Letter Carriers, and the delivery is completed within about two hours from the time of the arrival of the Mail. All despatches by the Day Mails for places beyond the above limits are sent out by the three and four o'clock District Post deliveries. Those by the Gravesend Day Mail, which arrive at a quarter past Four P.M., are sent out by the District Post five o'clock delivery Those by the Southampton evening Mail, which arrives at 4 40 P.M., are sent out by District Post six o'clock delivery

*** All letters arriving by the Belgium, Hamburgh, or Holland Mails, after the regular morning despatch, are delivered by the *London District* Letter Carriers. When the French or East or West India Mails arrive *immediately after* the morning despatch, the City *General Post* Letter Carriers return to the Chief Office for the letters by these Mails and deliver them *before* the Mid-day delivery; those for the more distant parts of London being sent out by the next despatch of the District Post. When any of these Mails arrive too late for a separate despatch the letters by them fall into the regular Midday delivery, and are delivered with those arriving by the Inland Midday Mails.

COIN SHOULD NOT, UNLESS IN REGISTERED LETTERS, BE SENT BY POST.

The great increase in the number of *Money Letters* having rendered it impossible, without hazard to the punctual despatch of the Mails, to continue the former practice of entering the addresses of such Letters, and of taking receipts for them on delivery to the parties to whom they were addressed; such practice being now adopted in the case of Registered letters *only*.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Any Glass or Glass bottle, any Razor, Scissors, Knife, Fork, or other sharp or pointed instrument, any Leeches, Game, Fish, Flesh, Fruit, Vegetable, or other perishable substance, any bladder, or other vessel containing liquid, or any article, matter, or thing whatsoever which might, by pressure or otherwise, be rendered injurious to the contents of the Mail bags or to the officers of the Post Office, should not be sent by post.

*** In the event of a letter containing any such article being committed to the post it may, if *fully paid*, be, *at the option of the Postmaster-General, detained* and *opened* and returned to the sender; or if *unpaid*, be charged with *double* the *prepaid* rates, and THUS CHARGED be *detained* and *opened* and returned to the *sender*.

BANKRUPTS' LETTERS.

The letters of a bankrupt may, upon the Order of any Commissioner of Bankruptcy, or any Court of Bankruptcy acting under any Fiat or Commission of Bankruptcy, bearing the official Seal of the Bankruptcy Court, be withheld from the bankrupt, and delivered to the Official, or other Assignees for a period not exceeding three months. The Order may be renewed for the like, or any other less period, as often as may be necessary.

LETTER STAMPS.

The date shows when the letters were received at the Post Office.

The Stamp in Red Ink, with the word "paid," when the postage has been paid at the time of posting the letter.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or Supplements to Newspapers by the Post, but those that are intended to be so transmitted, and are entitled to pass free, must be put into the Receiving Houses before 5 P.M.; at the Branch Post Offices, before half-past 5 P.M.; or at the General Post Office, St. Martin's le Grand, before 6 P.M.; or put into one of the late Newspaper Windows, at St. Martin's le Grand, from 6 until half past 7 P.M., with a halfpenny, will be despatched the same evening. *Newspapers for the Colonies and Foreign Countries cannot be received after* 6 P.M. For Newspapers by *Morning Mails*, see page 1829. All Newspapers must be sent without covers or in covers open at the sides, and no words or communication may be printed on such papers after the same shall have been published, nor must there be any writing or marks upon the cover, other than the name and address of the person to whom it is sent; nor any printed words or communication on the cover, except that Newsvenders *only* may *print* their names and addresses thereon. Newspapers thus forwarded, are, if the parties to whom they are addressed cannot be found, or if the addresses are imperfect, returned to the *Newsvender*. Newspapers posted under such circumstances, without the vender's name, are returned to the *Publisher*. Newspapers posted without being duly stamped are forwarded, *charged* with the *full letter rates of postage*. Newspapers may be examined by the Officers of the Post Office; and if there be any breach of the above regulations, the packet is chargeable with the amount of postage to which a letter of the same weight would have been liable to. Newspapers containing enclosures are liable to treble letter postage.

*** As the mere affixing a Newspaper Stamp on any *new* periodical publication will not entitle it, *as a matter of course, to pass free by the Post*, those who may be about to publish, for the *first* time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the publication is of a nature that will entitle it to pass free of postage.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.

"And be it further enacted, that in all cases in which a question shall arise, whether a printed Paper is entitled to the "privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the "Post under the Post Office Acts, the question shall be referred to the determination of the Postmaster-General, whose "decision, with the concurrence of the Lords of the Treasury, shall be final."

MARKS OR WRITING ON NEWSPAPERS.

Writing or marks are allowed on a *Newspaper* passing by Post between *any one part of the United Kingdom and any other part*, provided that a Postage of one penny be paid by means of a stamp conspicuously affixed outside the cover or folded Newspaper. But the privilege is confined to writing or marks on the *Newspaper itself*, and is not to extend to the cover; any writing or marks other than the address, on which, or (if the Postage be not pre-paid as above) on the Newspaper itself, will subject the Newspaper to the same rate of Postage as that to which an unpaid letter of the same weight is liable.

In the Towns where the delivery is at 7 a.m. in summer, it is usually an hour later during the winter months. Those which grant and pay

LETTERS NOT TO BE SEALED WHEN SENT TO WARM CLIMATES.

The practice of Sealing Letters passing to and from the *East* and *West Indies*, and other warm Climates, with Wax is attended with much inconvenience, and frequently with serious injury to the Letters, in consequence of the Melting of the Wax, and Adhesion of the Letters to each other.

In the case of Mails received from *India*, considerable delay is occasioned; and notwithstanding the greatest care is taken in separating the Letters, which, owing to the cause already mentioned, adhere closely together, many are much damaged and torn; the public are therefore recommended in all cases to use Wafers in preference to Wax in securing their Letters sent to *India* or other warm Climates, and also to advise their Correspondents in those Countries to pursue the same course.

If put in for the Noon Despatch, they are sent out for Delivery at 3 o'clock. If for the Afternoon Despatch, they are sent out for Delivery at 8 o'clock in the Evening; and if put in for the Night Collection, they are despatched early on the following Morning, and are sent out for Delivery at 10 o'clock. In addition to the above, there is an Extra Despatch of Letters from the following places at 3 o'clock:—Islington, Holloway, Hackney, Kingsland, Kent Road, Walworth, Camberwell, Newington Butts, South Lambeth, Camden Town, Somers Town, Bayswater, Brixton, Brompton, Chelsea, Clapham, Kensington, Paddington, and Stockwell. Letters for this Despatch are sent out for delivery in London at 5 o'clock.

From one Part of the Country to another.

If going from one part of a Ride or District to another part of the same Ride or District, and put in for the Morning Despatch, they are delivered, through the means of a Bye-Post arrangement, the same Day at Noon. If put in for the Afternoon Despatch, they are delivered the same Evening, where an Evening Delivery is given. If going to parts not belonging to the same Ride, they come to London: such Letters put into the Post for the Morning Despatch, are delivered in the Country the same Evening, where an Evening Delivery is given; if for the Afternoon Despatch, the next Morning, where a Morning Delivery is given; or otherwise at Noon. The Deliveries given to each will be found in the List of Places.

STAMPS.

The Date Stamp on Letters, or, if there be more than one, that having the latest hour, shows the Day and time of Day they were despatched for Delivery. Persons having occasion to complain of the Delay of their Letters, are requested to transmit to the Superintendent President (R. Smith, Esq.) the Covers, with a statement of the Time of Delivery, as the Date and Stamp will assist materially in tracing their course.

Newspapers

pass free by the London District Post, except in those cases where they shall be posted and delivered within a circle of three miles, from the General Post Office, when the postage is one Penny on each Newspaper.

Letters not to be Delivered Back.

And to prevent the possibility of Letters being surreptitiously obtained from the Offices where put in, Office-keepers are strictly prohibited returning, to any persons whatsoever, Letters that may be applied for, under whatever circumstances the recovery may be urged. This is moreover forbid by the established principle, that the instant a Letter is committed to the Post, it is no longer the property of the Sender.

Penalties.

By the 1st Victoria, cap. 36, sec. 2, any Person illegally conveying Letters incurs a Penalty of £5 for every offence, and £100 for every Week the practice is continued. The Sender also incurs a Penalty of £5 for every offence, with full costs of Suit.

COUNTRY DELIVERY.

The country limit is confined to a circle of Twelve miles, from the General Post Office, with the exception of Hampton Court, Hampton and Sunbury, which are included in the limits, although more than Twelve miles from London. The following is a list of the places, showing the number of deliveries at each place, with the hours of despatch from the General Post Office, and the latest time at which letters can be posted at the Receiving Houses to be sent in the London bags
